

Case study

Swynerton ATE, Staffs

Project: Swynerton ATE vegetation works

Client: MoD

Agent: Landmarc

Value: £130,000

Description of work

Herbage control over a 30ha section of the training area, and extensive ground works with selected areas of hydro-seeding and chemical control.

Work included:

- Forestry mulching of approximately 30ha scrubland.
- Scraping and levelling to provide safe training terrain.
- 6ha hydro-seeding.
- Ride clearance.
- 25ha chemical control for five years.
